DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance:

In regards to independent claims 1 and 5, the prior art of record do not disclose a liquid crystal display device comprising an image input terminal, a clock input terminal, a clock compensation circuit, a data storage circuit, a first data bus, a second data bus and a clock signal output circuit for outputting the internal clock signal as a subsequent external clock signal and for outputting the first image signal and the second image signal in sequence as a subsequent external image signal to a subsequent liquid crystal drive circuit, said clock signal output circuit having a delay circuit, wherein the delay circuit delays the internal clock signal to become the subsequent external clock signal to the subsequent liquid crystal drive circuit so as to provide phase margins thereof in a dual-edge accept scheme.

In regards to dependent claims 2-4, 6-15, they are allowed as they depend upon an allowed base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
